Subject: Continued Support for Proposed Superfund sites

Ms. Muniz,

The previous support letters sent by IDEM's Commissioner Easterly for the Garden City, Beck's Lake and Keystone sites to be put on the National Priorities List, was provided under the authority that had been delegated from the Governor's office to Commissioner Easterly. As you are probably aware Governor Pence has selected Mr. Easterly to continue in his position as Commissioner of IDEM. I have conferred with Commissioner Easterly and he continues to support the listing of all three sites on the NPL.

I hope that this provides the assurance you need and if you have any questions please feel free to contact me or my staff.

Bruce H Palin
Assistant Commissioner
Office of Land Quality
Indiana Department of Environmental Management
